

The *U-Select* program from Combined Insurance is designed to provide you with the opportunity to address specific needs you may have in your personal benefit planning. It's important that you and your loved ones have financial resources available in the event of an unplanned or life-changing occurrence. All of the insurance products available through the *U-Select* program are portable. This means you can keep the coverage even if you have a job change. These insurance policies are competitively priced.

A supplemental  
benefits program

**LET'S MAKE THIS EASY.**

## Why supplemental benefits?

- No single employee benefits plan can meet the needs of every employee.
- High quality benefits are an excellent way to cost-effectively provide financial protection for you and your family.
- Indemnity benefits are paid directly to the insureds to provide them and their families with additional funds to use in whatever manner they need, such as to help pay debts or out-of-pocket expenses.
- The convenience of obtaining affordable, appropriate insurance products by using payroll deduction.
- Payroll deduction is an automatic way for you to budget for your needs.
- You decide whether to participate — based on your needs or circumstance.

## The Process (The *U-Select*® Program)

- A brief “needs analysis” using the *One Minute Benefit Planner*® helps you determine what types of coverage you and your family may need.
- One-on-one consultation with a licensed insurance benefits specialist.
- Communication of your current employer-provided benefits and an explanation of their full value.
- Customized benefit options based on your needs and priorities.
- Affordable benefits selections at less than the equivalent of one hour’s pay per week.

## The Service

- An annual review of your benefits and needs.
- A customer service representative is assigned to your company or organization.
- Products and benefits that can be customized to your particular needs.

## Who is Combined Insurance?

- Combined Insurance provides supplemental insurance products to individuals directly or through their workplace.
- Combined Insurance Company of America was founded in 1922 and now operates worldwide.
- Combined Insurance is rated A (Excellent) for its financial strength by A.M. Best, an independent ratings agency.
